Step 1:

Use markers/crayons to decorate your paper plate with different patterns.

Step 2:

Take your straws and snip them with scissors to make them different lengths. Place them beside one another from largest to smallest and tape them together across the middle, making sure they stay flat and not squished. Use more tape to stick them to the top lip of your decorated plate.

Step 3:

Use the hole punch to make a few holes at the bottom of your plate. Cut your string to several different lengths and tie the strings through the holes you made on your plate. Once tied, string and tie beads onto the ends.

Step 4:

Put glue along the length of 4 of your popsicle sticks and stick them to the middle of your plate. Keep the fifth stick dry as it will be used later to make sounds.
