The Magic of Markers

The best part about washable markers is the magic you can make with them! Use something simple to create a artwork with a watercolour effect and bring it to life in your own unique way.

Materials:

- Paper/Cardstock
- Markers
- Construction Paper
- Scissors
- Glue
- Spray bottle with water (or a damp paper towel)
- Paint brush/paper towel/sponge

Step 1:

Use your markers to cover a sheet of paper with lines, shapes, patterns or whatever you want. You could make the night sky, northern lights, under the sea, a rainbow or just use a bunch of different colours.

Step 2:

Once your whole sheet is covered, mist the surface of the paper with the spray bottle (or wipe it with the damp paper towel).

Step 3:

Use the paint brush/dry paper towel/sponge to blend the colours together creating a background with a watercolour effect.

Step 4:

Use construction paper to cut out additional elements like animals or flowers to complete your scene. Once cut out, glue them on top to finish your work of art.
