Step 1:

April showers bring May flowers! Design the outline of your art by drawing a picture that shows April's weather, like clouds and an umbrella. Once your outline is complete, you'll be colouring it in while listening to the sounds of music.

Step 2:

Jazz is a type of music with a lot of different inspirations. International Jazz Day celebrates jazz music and its ability to unite people. Use your favourite music system, such as YouTube, and find a jazzy playlist or any music you like.

As you listen to the music, doodle different patterns using marker, pencil crayons, or any medium of your choosing, in the outlines that you made.

You can shuffle through a playlist to get different musical feelings or listen to the changes during one song. Let your hands move to the sounds of the music!
