

Architectural Masterpieces

Step-by-Step Instructions

PAMA is made up of four historic buildings: the Peel County Courthouse, Peel County Jail, Peel County Office Building and the Registry Office. Both the Jail and the Courthouse opened in 1867. The Registry Office was built in 1890 and held documents about land. The Peel County Office Building opened in 1957 when staff needed more space. Discover more about these buildings on the [PAMA YouTube channel](#).
